MEAT

During the extraction process, **ARIAKE** cooks the meat. At the end of the process the meat is either frozen, either dehydrated

Chicken meat powder
Frozen chicken meat

Veal meat powder

Beef meat powder
Frozen beef meat

FAT

During the extraction process, **ARIAKE** separates the animal fat from the extract. The fat is then centrifuged in order to remove residual water up to <0,5%

Chicken fat

Veal fat

Beef fat

No GMO— NO glutamate — No artificial flavours
NO flavour enhancers-Low salt
